

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Office of the Chief Financial Officer

Natwar M. Gandhi
Chief Financial Officer

MEMORANDUM

TO: The Honorable Linda W. Cropp
Chairman, Council of the District of Columbia

FROM: Natwar M. Gandhi
Chief Financial Officer

DATE: October 8, 2002

SUBJECT: Fiscal Impact Statement: "District of Columbia Air Pollution Control"

REFERENCE: Draft Regulations – Bill Number Not Available

Conclusion

Funds are sufficient in the FY 2003 through FY 2006 budget and financial plan to implement the proposed regulations because any costs would be absorbed with existing resources.

Background

The proposed regulations would require that the compliance certification reports for air pollution source operating permits include data and status reports to demonstrate whether compliance was continuous or intermittent during the permit period. It also would require the Department of Health (DOH) to use additional methods to notify the public of these permit proceedings. These changes are necessary to comply with federal procedural and notice requirement for air pollution source operating permits.

Financial Plan Impact

Any costs associated with the modifications to the reports and additional public notice would be absorbed with existing resources. Thus, funds are sufficient in the FY 2003 through FY 2006 budget and financial plan to implement the proposed regulations.
